

A close-up, grayscale photograph of a car's ABS indicator light. The light is a small, rectangular, illuminated area on a dark, glossy surface. The surrounding area shows the curved lines of the car's body panels, with highlights and shadows that emphasize the metallic texture and curvature. The overall tone is technical and precise.

LP-7516 ABS INDICATOR

Bright 1" Tall LED Display

ABS Casing helps ensure excellent anti-interference and static-free ability.

LP7516 LED INDICATOR

The LP7516 economic weighing indicator uses a 20-bit high precision imported AD convert with an internal resolution of more than 1,000,000 and an external resolution of 1/15,000.
