INSCALE

OVERVIEW

The TI-1680 is an NTEP and Canadian certified digital indicator housed in a stainless steel enclosure. This digital indicator is designed to support many applications for the installer, yet maintain simplicity for the operator.

Configure the 'F1' Key for Peak, Totalizing (Accumulation), Hold, and Live Weight or disable the 'F1' Key to simplify operation. Dedicated keys are provided for Checkweighing and Batch weighing. The large LED display is easy to read. Stainless Steel construction makes it wash-down safe.

Standard communications include two RS-232 ports, one of which is configurable to USB. Many options are available including analog output, RS-485, and WLAN.
